Cargoo

DANISH CRAFTSMANSHIP SINCE 1932

At Winther Bikes we ensure safe, comfortable and durable transportation for families around the world. All Winther cargo bikes are built by hand at our premises in Denmark. Each bike is delivered 100% assembled and taken for a test ride before dispatch to gain the highest level of inspection and quality control. We use carefully selected components so that you will have a cargo bike with a long lifespan and a minimum of maintenance.

ACCESSORIZE IT

Do you need a baby seat? Toddler seat cushion, storage pockets in the cabin, a rain cover or insect net? If so, go online and check out all accessories on wintherbikes.com

CUSTOMIZED TO FIT YOUR FAMILY

The spacious cabin has plenty of room for both children and goods. Cargoo offers a variety of different seating solution including 4 seats, bench and the new ISO-Fix adaptor. The practical ISO-Fix adaptor makes your life easier when switching between transport modes, and the lower cabin front makes it easy to lift children or heavy objects into the cabin. Cargoo is our most flexible model and you can easily adapt the seat configuration as your children grow and your needs change.

SINCE 1932
BIKES

Engineered For Safe Rides Every Day

Based on carefully selected components and features tested over time Cargoo is designed with safety in mind. Cargoo is equipped with hydraulic disc brakes, strong front frame, shock absorbing cabin base and strong aluminium bars for head protection above the seats. The top edge of the cabin base has been reinforced by a steel tube adding extra protection in case of collision. All Winther cargo bikes comes with 5-point safety harnesses, seats with neck support for additional protection and visible reflectors on wheels, frame, cabin base and hood top. This altogether make Cargoo robust, durable and a bike you can trust every day.

ANTI-THEFT

Each bike has it's own unique and visible frame number.

THOUGHT-THROUGH IN EVERY DETAIL

When developing our cargo bikes we focus on the details that make everyday life easier for mom, dad and the child. The single step at the front makes it easy for children to climb onboard themselves. Cargo offers a myriad of seat solutions, so you easily can adapt the seat configuration as your kids grow or remove the seats completely and use it for transporting goods.

winther®

MANOEUVRABILITY ON THREE WHEELS

Cargoo offers excellent steering properties and is easy to manoeuvre.

The steering system is a head-tube solution with a steering damper for a comfortable, stable ride. It comes with hydraulic disc brakes and the handlebar comes in one fixed position fitting all.
